DO	

	All in favour - accepted			
	Queries raised why differences in VAT Previous clerk was not putting all receipts with clerks disbursements or put receipts and rounding figures up e.g. if something cost 80p he would say 20p vat but vat not on receipt so unable to claim 17/185 vat figure shows we can claim £ 2248.82 but we could only claim £ 1248.68 so had a loss 18/19 vat figure shows we can claim £ 549. But we managed to claim £740 so able to claim more from finding receipts
